7 Understandings

By signing, the business confirms that it understands and agrees that:

- Membership is an unrestricted charitable contribution to The Calyx Foundation. The Board designates net Alliance revenue for land; that is a Board decision, not a restriction on this gift, and no gift purchases a specific parcel.
- Membership begins, and the founding number is assigned, when the first payment is received, not when this form is signed.
- Recognition is acknowledgment of a gift, not advertising. Membership does not provide contracts, referrals, preferential treatment, a board seat or a say in Foundation decisions.
- Benefits arrive as payments are made: recognition on first payment; filming when payments reach \$815 (Impact), \$1,500 (Leadership) or \$2,750 (Founding); publication, plaque, spotlight, events and leadership conversation on payment in full.
- The Foundation writes, owns and publishes the film first. The business may correct facts but does not approve content; a review not answered in five business days is treated as approved. After publication the business receives a non-exclusive, non-transferable, revocable license to share the published film, without raw footage and not as paid advertising.
- A plan must finish within one membership year, may be lengthened once without cost, and requires automatic payment if quarterly or monthly. The business intends to complete this membership within twelve months.
- If a plan is not completed, the membership is re-designated to the level paid for. Contributions already made are not refunded, and an unpublished film is not released.
- Contributions are deductible in the year they are made. The Foundation does not give tax advice, and the business will consult its own advisor.
- Recognition in later years depends on renewal. Recognition at a completed property is not expected before 2029.
- The business has received the Sponsorship Packet (TCF 26-713-B), and the Foundation will handle its information under its Privacy Policy.

I have read and agree to each of the understandings above.
